

The teachers need you! give to the **Teacher Support Fund**

The Ballard High School PTSA invites you to make a contribution to the Teacher Support Fund. Recognizing that teachers are the foundation of education at Ballard High, the PTSA started a Teacher Support Fund in 2001. The fund is used for small grants to help individual teachers purchase supplies and equipment needed to teach effectively. This quick reaction fund allows our teachers to get what they need promptly and without hassle. Our Principal administers the fund and reports periodically to the PTSA Board on how the fund's monies have been used.

Last year the Teacher Support Fund was very successful. Over 125 parents contributed a total of more than \$9000. The funds were used for a variety of small grants, including:

- Erasers for classroom whiteboards
- Dictionaries for the classroom of a first year teacher
- Mounting fasteners for classroom whiteboards
- Compasses for a Special Ed project
- Book on Instructional Strategies
- Single book needed for a science class
- Novels for Language Arts and French classes
- Magazines for science classrooms

Please consider making a donation to this important fund today—large or small every dollar counts!!
